## **FREE SCHOLARLY JOURNALS**

### **GENERAL**

**Directory of Open Access Journals**; <http://www.doaj.org/>

This service covers free, full text, quality controlled scientific and scholarly journals. There are now 2334 journals in the directory and currently 672 journals are searchable.

**FreeFullText.com**; <http://www.freefulltext.com/>

Direct links to scholarly periodicals which allow some or all of their online content to be viewed by anyone with Internet access for free.

**Google Scholar**; <http://scholar.google.com/>

Google Scholar provides a simple way to broadly search for scholarly literature, peer-reviewed papers, theses, books, abstracts and articles, from academic publishers, professional societies, preprint repositories, universities and other scholarly organizations.

**Open J-Gate**; <http://www.openj-gate.com/>

Provides access to millions of journal articles available online.

**Scirus**; <http://www.scirus.com/srsapp/>

Scirus is the most comprehensive science-specific search engine on the Internet. Scirus searches over 250 million science-specific Web pages.

**Windows Live Academic**; (a beta test version) <http://academic.live.com/>

Windows Live Academic lets you search academic journals and content for article titles, author names, article abstracts, and conference proceedings.

### **MEDICAL SCIENCE**

**MedScape**; <http://www.medscape.com/welcome/journals>

This site is used by many health care providers in the U.S. One must register to get access to the free journals.

**PubMed**; <http://www.pubmedcentral.nih.gov/>

Free digital archive of biomedical and life sciences journal literature.

### **NATURAL SCIENCES, MATHEMATICS AND COMPUTER SCIENCE**

**Arxiv**; <http://arxiv.org/>

Open access to more than 370,000 e-prints in physics, mathematics, computer science and quantitative biology.

**CiteSeer**; <http://citeseer.ist.psu.edu/>

A scientific literature digital library and search engine that focuses primarily on computer and information science.

**The Public Library of Science (PLOS) Journal**;

<http://www.plosjournals.org/perlserv/?request=index-html>

PLOS Journal offers scientific and medical literature freely available online, without restrictions on use or further distribution and free from private or government control.

**Science-advisor**; <http://science-advisor.net/>

A free online forum for scientific discussions and short reviews of research articles.

### **SOCIAL SCIENCES**

**Social Science Research Network (SSRN)**; <http://www.ssrn.com/>

Devoted to the rapid worldwide dissemination of social science research, it is composed of a number of specialized research networks in each of the social sciences.

**Social and Human Sciences Online Periodicals**;

<http://www.unesco.org/shs/shsdc/journals/shsjournals.html>

Free access to specialized articles in social and human sciences from about 700 periodicals.
